If you don't have Vaccination or Recovery certificate you can test for COVID 19 with PCR or Rapid Antigen test and if the result is negative, you are free to participate at the conference. Organization and fee coverage of testing for COVID 19 is entirely on the participant. All the information about testing in Opatija can be found on conference website. For the participants accommodated in Conference venues the technical organizer of the Conference will provide voucher and testing price will be 40,00 HRK. Otherwise, testing is 125,00 kn. Nearest testing point to the hotel Ambassador is located 2 minutes from the hotel at the address Ive Kaline 2 (annex of the hotel Belvedere).
